SUMMARY

Frontend Developer with a background in **Graphic Design, Branding, and UI/UX**, specializing in **React, Next.js, TypeScript, and modern frontend development**. Experienced in building production-ready government platforms, interactive web applications, and AI-powered SaaS products. Trained through **Hacktiv8's React Front-End Developer program (MSIB)**, with a passion for transforming product ideas into scalable digital experiences through thoughtful UI engineering, performance optimization, and design systems.

EDUCATION

Universitas Padjadjaran Aug 2021 - May 2025
Sarjana Sastra Rusia, Fakultas Ilmu Budaya, IPK 3.70

- Activities and societies: Participated in 13+ campus activities as a Graphic Designer (Media & Design Division), applying design skills in volunteering, webinars, and workshops.

WORK EXPERIENCE

Kementerian PANRB - Maganghub Kemnaker Batch II Nov 2025 - May 2026
Front-end Developer

- Built an end-to-end government web platform (Admin Dashboard & CMS) using **Next.js, React, TypeScript, and Tailwind CSS**.
- Designed user flows, wireframes, and interactive UI prototypes in **Figma** before frontend implementation.
- Developed responsive and reusable UI components optimized for desktop and mobile devices.
- Collaborated with backend engineers through **Git**, REST APIs, and code reviews to deliver production-ready features.

UI/UX Designer & Creative Multimedia

- Designed end-to-end user journeys, wireframes, and interactive prototypes for government digital services.
- Built high-fidelity frontend prototypes using **React** and deployed them through **Vercel** for stakeholder reviews.
- Led branding, visual communication, social media design, and copywriting for the **ministry's digital channels**.
- Planned content strategies and visual systems to **improve consistency** across digital platforms.

PROJECTS

PPID Digital Ecosystem

Official Government Platform

- Built the frontend of an integrated **government digital ecosystem** consisting of a public portal, internal CMS, and request management system.
- Worked closely with a backend engineer to connect the UI to a **Node.js/Prisma** and **MariaDB** backend using Next.js Server Actions.
- Created clean and modern UI components using **Tailwind CSS v4** and **Shadcn UI** for a better public user experience.

- Improved app speed by caching data with **React Tanstack Query** and handling multiple file uploads to S3 MiniO storage.

Thumora - AI Thumbnail Generator

AI-Powered Thumbnail Creation Platform

- Built an AI-powered platform that turns video concepts into production-ready thumbnails through prompt-based image generation.
- Developed end-to-end with **React, TypeScript, Express, MongoDB, and Cloudinary**.

Saldo - AI Money Tracker

AI-powered personal finance tracking application

- Built an AI-powered money tracker that lets users record expenses and income naturally through **text or voice**, with automatic categorization, account detection, and transaction parsing.
- Developed end-to-end with **React, Node.js, Express, MongoDB, OpenRouter, and Web Speech API**, including financial insights and spending forecasts.

Xo.Workspace (Currently Developing)

AI-Powered Creative Planning Platform

- A real-world AI platform built for graphic designers to instantly create 3x3 Instagram feeds, manage overall social media, and help small businesses scale up.

SKILLS and COMPETENCIES

Tools	:	Git, GitHub, Figma, Vercel, VS Code, Postman
Frontend	:	React, Next.js, Vite, Tailwind CSS, Framer Motion, Shadcn UI, TanStack Query
Backend	:	Node.js, Express.js, REST API, Prisma, Server Actions
Database	:	MariaDB, MongoDB, MinIO
Certifications	:	Hacktiv8 React Front-End Developer (MSIB), Final Score: 89.91/100 , TOEFL ITP (Score: 501), IBM Certification.
Languages	:	JavaScript (ES6+), TypeScript, HTML5, CSS3, SQL (Basic), Fluently Indonesian, English Conversational and Beginner in Russian.

ORGANIZATIONAL & DESIGN EXPERIENCES

Festival Rusia 2023

Jul - Nov 2023

Creative Media and Design Lead

- Designed the **complete** visual identity for a faculty-scale event, including logos, color systems, merchandise, and digital assets.

Himpunan Mahasiswa Sastra Rusia

Jan 2022 - Jan 2024

Creative Media Lead

- Led the organization's digital branding, design system, and visual identity across all social media platforms.
- Leveraged AI-assisted content creation tools to accelerate copywriting, content planning, produce illustration cartoon to supporting social media brand (2022) which significantly increased **social media** engagement.
- Led Creative Media to become one of the organization's most active departments by increasing publishing consistency and **cross-team collaboration**.
